

## **Skelton School**

## **Geography - Progression**

	Geography - Progression			
THRESHOLD CONCEPTS	Investigate places	Investigate patterns	Communica	
EYFS	<ul> <li>Ask and answer simple geographical questions.</li> <li>Identify key features of a location</li> <li>Study simple maps and gather information from them.</li> <li>Use simple fieldwork and observational skills to study the geography of the school building and grounds.</li> <li>Explore the natural world around them.</li> <li>Know that there are different countries in the world.</li> <li>Understand that some places are special to people and communities and think of places that are special to them.</li> <li>Name where they live and where their school is.</li> <li>Name some of the oceans of the world.</li> </ul>	<ul> <li>Talk about the places they have visited or seen photos of and understand how they are similar and different.</li> <li>Recognise some environments that are different to the one in which they live.</li> <li>Recognise some similarities and differences between life in this country and life in other countries.</li> <li>Understand some important processes and changes in the natural world around them, including the seasons (and the changes in weather this brings) and changing states of matter (including when something is hot or cold).</li> <li>Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class.</li> </ul>	<ul> <li>Use everyday vocabu (near/far/above)</li> <li>Use and understand a (e.g. weather, sunny, c same, different, village,</li> <li>Observe and commer around them.</li> <li>Describe their immed observation or discussi</li> <li>Draw a simple map of</li> </ul>	
YEAR 1 AND 2	<ul> <li>Ask and answer geographical questions (such as: What is this place like? What or who will I see in this place? What do people do in this place?).</li> <li>Identify the key features of a location in order to say whether it is a city, town, village, coastal or rural area.</li> <li>Use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied.</li> <li>Use simple fieldwork and observational skills to study the geography of the school and the key human and physical features of its surrounding environment.</li> <li>Use aerial images and plan perspectives to recognise landmarks and basic physical features.</li> <li>Name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas.</li> <li>Name and locate the world's continents and oceans.</li> </ul>	<ul> <li>Understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom and of a contrasting non-European country.</li> <li>Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the equator and the North and South Poles.</li> <li>Identify land use around the school.</li> </ul>	<ul> <li>Use basic geographic</li> <li>key physical features, mountain, ocean, river,</li> <li>key human features, i house, office and shop</li> <li>Use compass directio locational language (e. features and routes on</li> <li>Devise a simple map; a key. Use simple grid</li> </ul>	
YEAR 3 AND 4	<ul> <li>Ask and answer geographical questions about the physical and human characteristics of a location.</li> <li>Explain own views about locations, giving reasons.</li> <li>Use maps, atlases, globes and digital/computer mapping to locate countries and describe features.</li> <li>Use fieldwork to observe and record the human and physical features in the local area using a range of methods including sketch maps, plans and graphs and digital technologies.</li> <li>Use a range of resources to identify the key physical and human features of a location.</li> </ul>	<ul> <li>Name and locate the equator, northern hemisphere, southern hemisphere, the tropics of Cancer and Capricorn, Arctic and Antarctic Circle and date time zones. Describe some of the characteristics of these geographical areas.</li> <li>Describe geographical similarities and differences between countries.</li> <li>Describe how the locality of the school has changed over time.</li> </ul>	<ul> <li>Describe key aspects</li> <li>physical geography, in and earthquakes and the human geography, ind</li> <li>Use the eight points of symbols and key to cor Kingdom and the wider</li> </ul>	

• Name and locate counties and cities of the United Kingdom,		
geographical regions and their identifying human and physical		
characteristics, including hills, mountains, cities, rivers, key		
topographical features and land-use patterns; and understand		
how some of these aspects have changed over time.		
Name and locate the countries of Europe and identify their		
main physical and human characteristics.		
<ul> <li>Collect and analyse statistics and other information in order</li> </ul>	• Identify and describe the geographical significance of latitude,	<ul> <li>Describe and understand</li> </ul>
to draw clear conclusions about locations.	longitude, equator, northern hemisphere, southern	<ul> <li>physical geography, in</li> </ul>
